

View Property Reminder Update

30th November 2011

Thank you again for your interest in being a part of Australia's genuine industry portal, View Property.

We are very committed to populating the site with as many listings as possible ahead of launch, and it is crucial that we establish a feed to have your stock coming through.

If you have registered already to feed, we thank you. If your agency uses a bulk feeder, please look for View Property in your portal list to feed.

If you are yet to complete the registration to feed, please see the steps below:

Step 1:

If you have registered your interest initially, you will still need to REGISTER TO FEED your listings to the site, you can do so by visiting www.viewproperty.com.au and complete the register to feed form. In order for Viewproperty to launch on time with strong stock levels, it is crucial that you register and begin feeding your stock at your earliest convenience.

Step 2:

If your agency has not registered to feed, please go to www.viewproperty.com.au and complete the register to feed form. Once we have identified your preferred method of feed, we will then arrange your set up where you will see View Property appear in your portal list. If you manually feed, you will receive a login and password in order to begin uploading your listings directly in to the site.

All registered users will receive login and password irrespective of your feed method in order for you to manage your stock and contacts and utilise the CRM features.

We are here to help!...please do not hesitate to email me direct, or our Client Service Manager Kellie kellie@viewproperty.com.au or telephone us on 1300 309 679.

We thank you for your interest and look forward to working for you to create your long awaited national industry portal www.viewproperty.com.au

With regards,

Ross Bulman
CEO - View Property Australia
